Sund & Bælt's most important objective is to make travelling easier. More than 250,000 customers use Sund & Bælt's traffic facilities every day, i.e. the Storebælt link, the Øresund motorway and the Øresund rail line with associated stations as well as the ports at Odden, Ebeltoft, Spodsbjerg and Tårs. Sund & Bælt, a state-owned, limited company, is also undertaking the planning work for a fixed link across the Fehmarnbelt with associated Danish landworks. The Group also owns Brobizz A/S, which offers comprehensive electronic payment for driving on toll roads in Scandinavia and Austria.
